AXIO

Design Kressel + Schelle

AXIO | Model 1380 without armrests | Model 1385 with armrests

Design-wise reduced to the essentials and still rich in possibilities, AXIO is an archetypal multifunctional chair in a timeless design. The ergonomic moulded wood shell allows different upholstery options and ensures comfortable sitting for many hours. Elegant wooden armrests or armrest with upholstered cover in fabric or leather extend the range of variations and fulfil many wishes. Its comfort and high-quality appearance make AXIO a good choice in many fields of application.

Frame

4-legged base, optionally with armrests, made of precision steel tube ZSTE 420, 20 x 2 mm. Armrests optionally upholstered or with wooden armrest.

Frame surfaces

Standard version of the frame: chrome-plated, optionally powder-coated according to the BRUNE® collection.

Seat shell

Ergonomically shaped one-piece shell made of moulded beech wood, 10 mm thick, glued several times. The back tapers slightly towards the top. The shell is invisibly fixed to the base frame by means of M6 threaded sleeves.

Wooden surfaces

Wooden parts natural lacquered beech as standard (optionally matt) with low-solvent water-based lacquer, optionally stained according to BRUNE collection.

Upholstery – seat shell with seat padding

Seat cushion foam:	SG/CH 35/50	ca. 20 mm thick
SG = specific gravity	CH = compression hardness	

Upholstery – seat shell with front side padding

Seat cushion foam:	SG/CH 35/50	ca. 20 mm thick
Back cushion foam:	SG/CH 35/50	ca. 15 mm thick
SG = specific gravity	CH = compression hardness	

Upholstery – seat shell fully upholstered

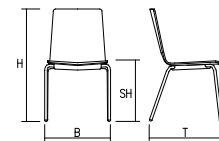

Seat cushion foam:	SG/CH 35/50	ca. 25 mm thick
Back cushion foam (front):	SG/CH 35/50	ca. 20 mm thick
Back cushion foam (back):	SG/CH 35/50	ca. 5 mm thick
SG = specific gravity	CH = compression hardness	

Gliders

Standard version:	plastic gliders
Optionally:	felt gliders
Optionally:	metal gliders
