MID | Models 1610 – 1612 without armrests | Models 1615 – 1617 with armrests | Models 1618 with armrests and high back

MID – a versatile family of chairs designed with a special focus on use in the medical environment. Due to its easy-to-clean detail solutions without visible screw connections and its comfort, MID is suitable as a chair in the patient room but also as a meeting chair in the conference room. It is stackable, and the seat and back are available in veneer and upholstered. A raised back cushion is also available. In the reduced design with clear lines and gentle organic curves of the molded wood elements, features of the eponymous Mid-century modern style are reflected.

Frame

4-legged frame made of round steel tube Ø 22 x 2 mm. Front feet and bottom seat frame made of one tube, welded to rear feet.

Frame Surface

Frame chrome-plated as standard, optionally powder-coated according to BRUNE® collection.

Seat + Back

Seat and back made of ergonomically shaped beech plywood, 10 mm thick, multi-bonded, back screwed to the frame invisibly by means of innovative fastening element. Trapezoidal seat, not visibly screwed to the frame from above.

Wooden surface

Wooden parts standard beech, with low-solvent water-based varnish, natural finish, optionally stained according to BRUNE® collection.

Fabric cover

Seat or seat and back fully upholstered, fabric cover of choice from BRUNE fabric group 3, 4, 6, 7 or 8.

Seat cushion foam: RG/SH 35/50 ca. 25 mm thick

Back foam: RG/SH 35/50 ca. 15 mm thick

RG = Raumgewicht / SH = Stauchhärte

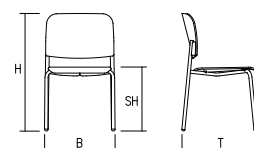

Gliders

Standard: with plastic gliders

Optional: articulated gliders with felt inlay
articulated gliders with plastic inlay

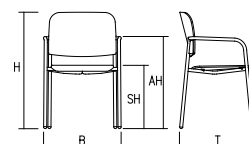

Dimensions | 1610 – 1612 without armrests
