

Classically no-frills or extravagant.

High degree of functionality.

Self-closure and cushioning are standard.

line conveys a classically no-frills impression. It does not feature predruding handles. Instead its "invisible" groove handles on both sides appeal. The premium drawer runners come with self-closure and cushioning details as standard. Also standard: the noise-reducing non-slip base finish in the pull-out compartmented tray.

Details

Carcase

- Robust, welded steel carcass with premium stove-enamel finish in wide range of RAL colours (see page 202).
- Additional safety feature to prevent tilting forwards.
- Cover tops available in 19 mm laminate with ABS lipping finish (for laminates, see page 203) or in 10 mm enamelled steel finish.

Drawers

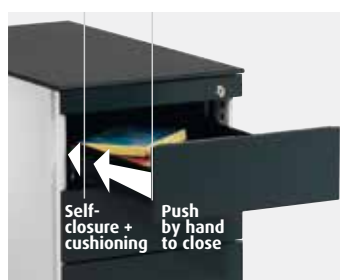

- Drawers on mounted concealed telescopic runners with closed

base and self-closure and cushioning

- 3HU drawers a 75% pull out
- 6HU drawers with 19 mm over-extension
- Central locking using a rotary cylinder lock with interchangeable core, incl. 2 keys, choice of alike or individually-keyed

Interior spec.

- Top drawer: pull-out compartmented tray with utensil compartment (telescopic pull-out unit) and non-slip base finish.
- 6HU drawer for suspension filing

Just push gently. The cushioned self-closing detail does the rest.

6 height-unit (6 HU) drawer for suspension filing frame for transverse or lateral filing.

19 mm laminate cover top with ABS lipping.
