Courageous, Innovative,
Unique & Breathtaking – Streamline

Benithem latest series of avant-garde high-end leather chair series.

STREAMLINE

Streamline was conceptualized from its unique and innovative curving flanks. The sloping armrests, combined seamlessly with the backrest, provide an enhanced and ergonomic seating experience. Proper body and arm posture is maintained irrespective of your sitting position. The synchronized mechanism further adds comfort and promote good health through providing the right sitting style, from upright to reclining positions.

- Synchronized mechanism with 5-Locking positions, and anti-slam safety function.
- Five-star, sleek aluminium base with hard or soft castors in Ø60mm, for easy manoeuvring.

Streamline's appearance, coupled with an assortment of colours to suit the theme of any workspace will definitely command attention and is a must-have for any high-flying working environment with a success statement to make in the business world.
