ARGO
RELIABLE COMPACT BOX PC

Argo is a compact Box PC for a variety of applications like POS and Digital Signage or it can be simply used as a Desktop PC. It is running completely fanless with either Intel's Quad Core Celeron J1900, Intel's 6th Generation Dual Core i3-6100U or i5-6200U. With its dust proof and robust design Argo is a performant high reliability BOX PC for everyday use. The operation of two displays running independently are supported with its VGA and HDMI ouput, whereas the Core-i3 and Core-i5 version also support video output in 4K resolution. All four serial ports can be optional powered with 5 or 12V with easy jumper settings behind the front cover. The hard drive can be swapped very easily from the front for easy maintenance.

Special Features

Intel®Celeron®J1900, Intel®Core™ i3-6100U or Intel® Core™ Prozessor i5-6200U

Windows 10 IoT

Aluminum casing

Dust proof and fanless design

Swappable storage design

Support VESA Mount

Optional

Windows POSReady 7
