

# Eriez NEW Xtreme<sup>®</sup> Vertical Form, Fill & Seal Metal Detector

Specifically designed for Vertical Form Fill & Seal Machines to be installed in the space-limiting area between the hopper and forming tube.

## COMPACT SIZE

- Requires no metal free area above and below sensing head
- Eliminates the need for costly modifications and plastic hoppers
- Connects directly to your existing stainless steel hopper and forming tube with Jacobs connectors
- Suited for washdown
- Stainless steel construction
- Food grade pipe

## SUPERIOR DETECTION/SENSITIVITY

Detect millimeter sized metal spheres

## EASY TO USE CONTROLS

Full color, intuitive icon-driven control

## MULTIPLE APERTURE SIZES TO CHOOSE FROM

Aperture Size	Total Installation Height Required
3" Diameter	9-3/4"
4" Diameter	9-13/16"
6" Diameter	9-13/16"
8" Diameter	9-7/8"
10" Diameter	12-3/4"

# Metal Detectors

XTREME VERTICAL FORM, FILL & SEAL

## CONFIGURABLE OUTPUT RELAYS

The Xtreme Metal Detector has four mechanical and five solid state relays, for a total of nine programmable outputs, each with one set of contacts.

The four mechanical "Form C" (NO-C-NC) output relays are rated at 5A up to 250 VAC or 30 VDC each. These relays are wired as fail-safe.

Start-up and Test Kit Included with Every Order

*Eriez' Smart Service Portal allows our Service Technicians to troubleshoot remotely via the internet.*

## SAFE AND SECURE CONNECTIVITY

- The Remote Service Package requires an open outbound port. No incoming port required.
- A secure communication channel must be opened from inside the network to prevent unsolicited incoming requests
- A single PC has access to all detectors to limit points of failure
- Eriez technicians will only login to a customer machine with the approval of the customer

## PACKAGE INCLUDES

- One secure gateway device
- Unlimited remote troubleshooting during Eriez business hours
- 5 after hours service calls/instances for one year after purchase
- Ability to connect an unlimited number of **Xtreme**<sup>®</sup> Metal Detectors to the Remote Service Package

*Smart X7 Link enables users to access/view their detectors via their company intranet*

- Make changes to detector settings
- Download reports
