

LOAD CARRIER

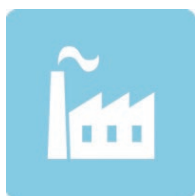

HelgeNyberg

HELGE NYBERG AB HAS THE

Although all our customers have the same basic need for cost-effective, ergonomic material handling, their needs may differ on crucial points and key details. Moreover, different industries often have different laws and regulations for products, certifications or other industry-specific requirements.

For this reason, we have specialised in a number of areas on the basis of nearly 60 years' collective experience and knowledge of our customers' needs. This allows us to offer the optimum solutions, the best service and the most secure collaboration.

A SPECIALIST WITH SOLUTIONS FOR MANY SEGMENTS

INDUSTRY & MANUFACTURING

Helge Nyberg operates in both light and heavy industries. We have industrial solutions for the entire material flow.

E-COMMERCE & ORDER PICKING

With our long history and our location in a geographic area that is dense with mail order, and logistics and warehousing businesses, we have unique know-how and experience regarding order picking and third party logistics.

HEALTH CARE & HOSPITAL

All industries have different requirements and specifications regarding materials and professional equipment. The strictly regulated health care sector has certain specific requirements. We can meet these requirements.

AUTOMOTIVE & VEHICLE

The development of smart logistics is perhaps most advanced in the automotive industry. Helge Nyberg's solutions are part of this development.

SERVICE & SUPPORT

Our truck and trolley solutions are not only ideal for transporting baggage or materials, for instance at airports and trade fairs. They are just as frequently used as wheeled service points by technicians and installers, for example in factories.

LEAN SOLUTIONS

As specialists, we are happy to help you develop the most resource-efficient solution to your material handling needs – the right material, in the right place at the right time.

SOLUTIONS TO YOUR NEEDS

TROLLEYS FOR TOWING TRACTORS

All our trolleys have 500 kg of loading capacity and contribute good ergonomics and high quality to the profitability of companies with internal handling of lighter goods.

p. 4-8

TROLLEYS FOR PICKING TRUCKS

The wide selection of trolleys and shelf sizes creates flexibility and makes it easy to customize the trolley to its task.

p. 9-21

TOWING DEVICES

Our trolleys are easily connected with a folded tow bar and tow hook that fits all Ergobjörn load carriers.

p. 22-23

CUSTOMISED TO YOUR NEEDS

TROLLEYS FOR TOWING TRUCKS

All our trolleys have a capacity of 500 kg. With their excellent ergonomics and high quality, they help improve the profitability of companies that handle light goods in-house. Thanks to a wide range of wheel types, shelf sizes etc., the trolleys are extremely flexible and easy to adapt to the job at hand. By combining them with smart accessories, they can be customised to suit most needs.

A shelf edge and an end grid keep the load firmly in place at all times. Tow bar and tow hook included. Chassis of 22 mm round, shiny zinc-coated tubing. 12 mm shelves with light grey laminate finish. Continuously height-adjustable handles made of powder-coated 22 mm tubing.

SHELF TROLLEY

The ends and shelves are reinforced to withstand loads up to 500 kg. The end uprights are held together by a top element. Lower shelf is recessed in the frame profile. Shelves reinforced with shelf supports. Upper shelves are continuously height-adjustable. Upper shelves have a 25x20 mm edge profile that creates a 10 mm high edge along the lateral sides. Max. load 500 kg. Lower shelf has a max. load of 500 kg.

Upper shelves have a max. load of 150 kg. Two fixed wheels and two swivel wheels with grey elastic rubber tyres measuring 200x50 mm, ball bearing hubs.

Model 25 – low ends, 2 shelves

Model 27 – high ends, 3 shelves

CUSTOM SOLUTIONS

Should you not find a trolley that suits your needs, please contact us. We are the specialists in internal material handling that can, and want to customize the trolleys according to your wishes.

DETAIL B
SCALE 1:5

ERGONOMIC TOWING DEVICE

QUICKE

With the towing device Quicke, the tow bar is mounted forwards and is connected from below. With an easy touch with the foot you connect and disconnect the trolley. This makes Quicke one of our most ergonomic towing devices.

QUICKE TOWING DEVICE

The tow bar spring and stays in an upright position. Coupled and disconnected from the tow hook with a slight pressure with the foot.

Quicke

Art. no.	Type of trolley	Shelf dim.
15273681	Shelf trolley quicke	1230x600
15273881	Shelf trolley quicke	1230x800
15862681	Parcel trolley quicke	1200x600
15862881	Parcel trolley quicke	1200x800

Quicke is also available to all of our trolleys on request.

ACCESSORIES – TROLLEYS FOR TOWING TRACTORS

MEMO BOARD

With document clip. Type 1 is mounted with clips, type 2 is mounted with an adjustable holder. Pen tray at top. Portrait A4.

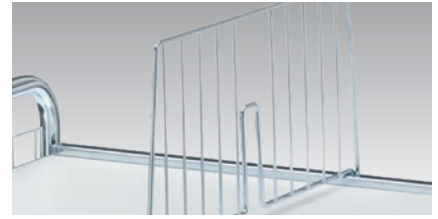

Art. no.	Description
12200220	Type 1 with clip
12212220	Type 2 with adjustable holder

TRUCK FORK GUIDE

For handling trolleys from long side. One pair to one trolley for mounting on both sides.

EASY TO OPERATE IN NARROW SPACES

TROLLEYS FOR PICKING TRUCKS

All our trolleys have a capacity of 500 kg. With their excellent ergonomics and high quality, they help improve the profitability of companies that handle light goods in-house. Thanks to a wide range of wheel types, shelf sizes etc., the trolleys are extremely flexible and easy to adapt to the job at hand. By combining them with smart accessories, they can be customised to suit most needs.

A shelf edge and an end grid keep the load firmly in place at all times. Chassis of 22 mm round, shiny zinc-coated tubing. 12 mm shelves with light grey laminate finish. Continuously height-adjustable handles made of powder-coated 22 mm tubing.

NARROW AND PRACTICAL

The trolleys for truck 709 are only 600 mm wide, making them very practical in narrow aisles. Our unique docking system makes them easy to connect and disconnect. They have a load capacity of 500 kg. A shelf edge and end grid keep the load firmly in place.

The trolleys' application areas can easily be increased by adding our accessories (see accessories). Chassis of 22 mm round, shiny zinc-coated tubing. Hard-wearing 12 mm shelves with light grey laminate finish. Shelves are continuously height-adjustable.

Model 25

Model 27

SHELF TROLLEY 600 MM

The ends and shelves are reinforced to withstand loads up to 500 kg. Lower shelf is recessed in the frame profile. Shelves reinforced with shelf supports. Upper shelves are continuously height-adjustable. Upper shelves have a 25x20 mm edge profile that creates a 10 mm high edge along the lateral sides. Max. load 500 kg. Lower shelf has a max. load of 500 kg. Upper shelves have a max. load of 150 kg.

Two fixed docking wheels with tugs and two swivel wheels, all with grey elastic rubber tyres measuring 200x50 mm, ball bearing hubs. Extra shelves can be added.

Art. no.	Shelf dim.
12252418	1000x800
12252428	1200x800
12252438	1230x800
12252448	1400x800

WIDE – BUT NARROW ENOUGH

With a width of 1230 mm, the trolleys for truck 713 are perfect for driving in narrow aisles where slightly more loading room is needed. Our unique docking system makes them easy to connect and disconnect. They have a load capacity of 500 kg. A shelf edge and end grid keep the load firmly in place. The trolleys' application areas can easily be increased by adding our accessories (see accessories). Chassis of 22 mm round, shiny zinc-coated tubing. Hard-wearing 12 mm shelves with light grey laminate finish. Shelves are continuously height-adjustable.

SHELF TROLLEY 1230 MM

The ends and shelves are reinforced to withstand loads up to 500 kg. The end uprights are held together by a top element. Lower shelf is recessed in the frame profile. Upper shelves are continuously height-adjustable. Upper shelves have a 12x20 mm edge profile creating a 10 mm high edge along the lateral sides. Max. load: 500 kg. Max. load,

upper shelves: 150 kg. Two fixed docking wheels with tugs and two swivel wheels, all with grey elastic rubber tyres measuring 200x50 mm, ball bearing hubs. Extra shelves can be added.

Model 25 – low ends, 2 shelves

Model 27 – high ends, 3 shelves
