

## Product Information

# AFTERNOON

Design Gerd Rausch

### AFTERNOON | 2625

An imposing array of models provides the ultimate in comfort and design. Home living comfort at its cosiest: functional furniture that creates pleasant interior spaces. Highly suitable for lobbies and cafeterias in public spaces and healthcare environments.

## Areas of use

---

HEALTHCARE SERVICES | LIVING | RELAXATION AREAS

## Frame

---

Frame made from massive beechwood, legs with diameters of approx. 60 x 30 mm, conically tapering to approx. 35 x 30 mm. Frame ribs made from massive beechwood with a rectangular lateral profile of 3 x (approx.) 80 x 25 mm. Rounded exterior edges. Legs and ribs connected with dowels and adhesive throughout. The armrests are customized for the needs of elderly people and made from massive beechwood (approx. 50 x 30 mm).

## Frame surfaces

---

Wooden elements made from beech wood, with natural varnish (low-solvent water varnish) in the standard version. Optionally stained according to the BRUNE® collection.

## Seat and back

---

Seat and backrest made from ergonomically shaped beech plywood, upholstered, approx. 13 mm thick and glued in several places. The seat has been fastened to the frame with four screws, removable seat cushion. The backrest has been screw-fastened to the rear legs with flat-head screws and with brackets that are attached to the rib frame. The tilting angle of the backrest can be infinitely adjusted with a lever on the side of the seat (angle between 103° and 145°).

## Upholstery

---

Seats or seats and back supports are optionally available with partial upholstery or fully upholstered seat, fabric cover according to the BRUNE® collection, fabric categories 3, 4, 6, 7 or 8.

Seat cushion foam: SG/CH 35/50 approx. 100 mm thick

Back cushion foam: SG/CH 35/50 approx. 80 mm thick, with lateral padding to approx. 220 mm

SG = specific gravity, weight per m<sup>3</sup>. CH = compression hardness (e.g.: 50 ± approx. 50 g/cm<sup>2</sup> at a compression level of 40 %)

## Gliders

---

Standard version: Plastic gliders for stone floors | parquet | wooden floor boards |

Optionally: Jointed felt gliders for stone floors | parquet | wooden floor boards |  
Gliders with metal caps for carpets
